Data Science

Machine learning

PERSONAL PROJECTS

An educational website intended for students of class 8th-12th where they can get one on one mentorship (06/2020 - 07/2020)

- This was the project I worked on as part of my internship with MissionEd. My task was to work with the back-end development team to write the entire back-end for the website and integrate it with the front-end
- Technologies used: Python, Django

Portfolio Website (06/2020 - 06/2020) [↗](#)

- A website about my education, accomplishments, projects, etc
- Technologies Used: HTML, CSS, Javascript

CERTIFICATES

Machine learning A-Z course from Udemy

Data Science training from Internshala trainings

Web development using Django on Udemy

Git and Github Bootcamp on Udemy
